

# POLLINATOR Project

Mid Michigan College and the Department of Natural Resources invite you to join us Tuesday, June 18 at Mid's Mt. Pleasant Campus for the launch of the **Pollinator Project**.

Due to a loss of habitat pollinators, like butterflies and bees, are experiencing significant population declines. Pollinator Projects are focused on protecting pollinators and restoring habitats, and Mid is excited to become a part of this effort!

## Tuesday, June 18

### 11am - Noon

 Community Room

- Learn about the Pollinator Project with the Department of Natural Resources
- Backyard Gardens for Pollinators with Mid Faculty Member Ryan Dziedzic

### Noon

 Mt. Pleasant Campus-Exterior Location

- Official Planting Begins

### 12:30pm - 1pm

 Community Room

- Light Refreshments & Giveaways!

Plus, it's National Pollinator Week! Learn more at [www.fws.gov/pollinators](http://www.fws.gov/pollinators)

### QUESTIONS?
